

## Odour Stopper & Stain Spotter

**BioHygiene Odour Stopper & Stain Spotter utilises specialist enzymes to break down organic odours at source and remove stains.**

### Cleaner

- Dual-action biotechnology quickly targets organic stains and odours for long-lasting odour protection.
- Specific enzymes effective against organic based odours and stains from:
  - human and pet accidents (vomit, faeces, sweat, urine and wet dog odours)
- Breaks down odours and stains at the source rather than just masking the smell

### Leaner

- Dual action; cleans and deodorises
- Ideal for industrial, institutional, and commercial use
- Versatile, buildable formula.

### Greener

- Sustainable and environmentally friendly solution which delivers quick and effective odour elimination and stain removal
- PCR packaging
- Reduces CO2e by up to 85%

## Odour Stopper & Stain Spotter

### Use Instructions

BioHygiene Odour Stopper & Stain Spotter is supplied in ready to use format

For Odour: spray liberally around the affected areas. No need to rinse surfaces following application.

For Stain Spotting: Apply product to stain, allow contact time then blot area with a clean cloth, repeat as required.
