

## Gum, Mark & Graffiti Remover

**Utilises a powerful, safe, eco friendly, non flammable organic solvent to remove chewing gum, adhesives, tyre and other black marks, graffiti such as ink, permanent marker/spray paint and nail varnish from a variety of surfaces.**

### Cleaner

- Removes chewing gum easily
- Removes black marks such as tyre, pram and shoe scuffs
- Removes graffiti including felt tip pen, marker pens, ballpoint inks, spray paints
- Can be used safely in confined and enclosed areas

### Leaner

- Suitable for use on most surfaces without causing dulling or damaging paintwork
- Low odour and volatility no chlorinated solvents or flammable alcohols
- Safer for the user than traditional cleaners
- Suitable for internal and external use

### Greener

- Reduced carbon footprint
- 100% PCR – no single use plastic
- Not tested on animals
- 100% Biodegradable
- Renewable and sustainable technology

CO<sub>2</sub>e Assessed

## Gum, Mark & Graffiti Remover

### Use Instructions

Test on a small non-critical area first. The product is a contact cleaner, requiring a period of contact with the surface, after which marks/deposits can be easily wiped/scraped away. Brush or wipe the surface clean and spray neat product liberally over the affected area. Allow a minimum contact time of at least three minutes and rub surface with a hard brush, cloth or scraper to remove any gum, marks or graffiti. Wipe the surface dry with a cloth. Repeat as necessary.

### Safety & Storage

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet (SDS). Product is non-flammable so no requirement for secure, ventilated storage. Store at room temperature.

### Available Pack Sizes

5L

BH119  
(2 x 5L)

750ml RTU

BH121  
(6 x 750ml)

The UK's leading manufacturer of Biotech cleaning products

- The UK's leading manufacturer of Biotech cleaning products
- Technologies are renewable and sustainable, sourced from plant extracts, fermentation and manufacturing by-products reducing CO2e and environmental toxicity
- 100% UK Manufacture and supply chain
- Post Consumer Recycled bottles provide a circular life cycle reducing CO2e and removing physical plastic pollution
- Our cardboard is made from 100% recycled material, is fully recycled and FSC certified (Forests for All Forever)
- ISO 9001:2015 & ISO14001:2015
- Zero waste to landfill
- Accredited to Carbon PAS2060, we offset our carbon with UK tree planting and VCS projects within the Amazon
- 100% Readily Biodegradable
- All manufacturing wastewater is treated
- Our technology has minimal aquatic toxicity
- Never tested on Animals
