Product Specification Sheet

ANTIFOAM CONCENTRATE

FOAM REDUCTION ADDITIVE

Size: 1 Litre

A defoaming additive formulated to control detergent foam resulting from the injection extraction cleaning process. Add to injection extraction machine recovery tank for optimal results.

Precautions for use

Test for colour fastness first. Observe the general safety regulations when handling chemicals. If swallowed, seek medical advice immediately and show this container or label. In case of contact with eyes or skin, rinse immediately with plenty of water. Keep locked up and out of the reach of children.

Directions for use

Add to solution tank 10ml of Carpet Cleaner per litre of hot or cold water. Use double strength on very dirty carpets.

Classification

Danger. Causes severe skin burns and eye damage. Hazardous content disodium trioxosilicate pentahydrate. Regulation (EC) No 648/2004 contains phosphates <5%, perfumes <5%.

pH 10-12
