

Product Specification Sheet

LIQUID WOOLCARE

NEUTRAL pH LIQUID CARPET SHAMPOO

Size: 5 Litres

A safe, gentle and effective cleaning liquid containing lavender fragrance for injection/extraction shampooing of carpets, curtains and upholstery. Ideal for cleaning delicate fibres, such as wool and stain resistant nylon carpets where pH levels should be kept neutral. Lavender fragrance banishes the 'wet wool' smell that occurs after cleaning. For best results, use 2San Lavender Fresh (0079).

Precautions for use

Test for colour fastness first. Observe the general safety regulations when handling chemicals. If swallowed, seek medical advice immediately and show this container or label. In case of contact with eyes or skin, rinse immediately with plenty of water. Keep out of the reach of children.

Directions for use

Add to the solution tank 10ml of 0054, per litre of hot or cold water. Use double strength on very dirty synthetic pile carpets. This product can be pre sprayed onto the carpet and left to penetrate (especially heavily soiled areas) prior to cleaning.

Classification

Danger. Causes serious eye damage. Hazardous content alcohol ethoxylate tetrasodium ethylenediaminetetraacetate. Regulation (EC) No 648/2004 contains non-ionic surfactants <5%, EDTA and salts thereof <5%, preservation agents (sodium metabisulfite) <5%, amphoteric surfactants <5%, optical brighteners <5%, perfumes (benzylsalicylate, linalool, hydroxyisohexyl 3-cyclohexene carboxaldehyde, coumarin, citronellol) <5%.
