

CLARIFI

DRINKING GLASS RENOVATOR

- Removes difficult stains and build up of beverage deposits
- Restores a sparkling finish to glasses
- Renovates and deodorises glasswashing machines

USES

A specialist detergent for use in automatic glasswashing machines to clean and restore the appearance of drinking glasses. Clarifi can also be used to deodorise the glasswashing machine itself.

Clarifi is a clear yellow liquid with a non-foaming formula for easier use in machines.

Recommended for use in pubs, restaurants and hotels to keep glasses in good condition.

DIRECTIONS

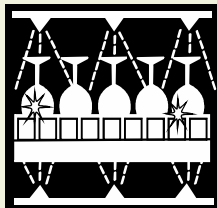

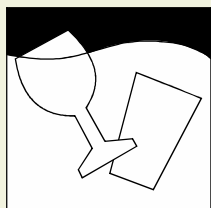

Renovating drinking glasses:

Use CLARIFI at a 1% dilution through the glasswashing machine at approximately 60°C.

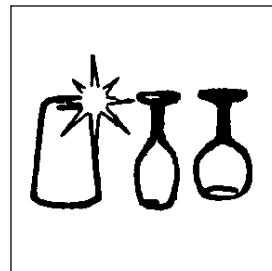

Pour 100ml of CLARIFI into a plastic measuring jug and pour into the machine before the wash cycle. Alternatively, feed through the dishwash dispenser for a day to renovate the appearance of the glasses.

Deodorising and cleaning enclosed glasswashing machines:

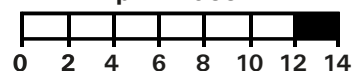

Pour 200ml to 1 litre of CLARIFI from a plastic measuring jug into the enclosed glasswashing machine and run at approximately 60°C through a wash cycle.
