# CLENSAN® CONCENTRATE

## LABEL INSTRUCTIONS

### Product Description & Directions for Use:

A concentrated bactericidal sanitiser and deodoriser, specially formulated for use on carpets and fabrics. Clensan's new biocidal formula is approved to EN1276 for direct spray treatment and is effective against a wide range of harmful organisms including bacteria and viruses.

### For professional and industrial use only.

**Always pretest carpet or fabric for colour fastness and texture change before proceeding.**

**Cleaning and sanitising:** Soiled carpets and fabrics should be extraction cleaned before application of Clensan. For best results carpets should be cleaned using S777 Crystal Green or B109 Fibre & Fabric Rinse. Fabrics should be cleaned and then rinsed using B109 Fibre & Fabric Rinse. Clensan solutions should always be freshly prepared. **Do not mix Clensan with other detergents.**

**Direct spray treatment:** Dilute 50ml Clensan per litre of water (1 to 20) and apply by spray applicator directly onto affected areas. Allow 5 minutes contact time, then extraction rinse with B109 Fibre & Fabric Rinse solution. Heavily soiled carpets and fabrics should be extraction cleaned before treatment. Clensan should be extraction rinsed after direct spray treatment.
