

E840 CITRUS GEL

LABEL INSTRUCTIONS

Product Description & Directions for Use:

A citrus based liquid gel spot remover for use on carpets, fabrics and most surfaces. Citrus Gel will safely and effectively remove oils, grease, tar and gum and is gelled to help prevent damage to latex carpet backings.

For professional and industrial use only.

SHAKE BEFORE USE. Citrus Gel is ready-to-use from the nozzle applicator.

Always pre-test surface to be treated in an inconspicuous area before proceeding.

Bitumen backed carpet tiles and some latex backings and adhesives may not be stable to solvents.

Scrape up any excess staining matter then apply Citrus Gel to spot and allow 2 to 5 minutes contact time.

DO NOT OVER APPLY. DO NOT USE OVER LARGE AREA WITHOUT PRE-TESTING STABILITY.

Scrape dissolved residue or blot with white towel or tissue. **DO NOT RUB.**

Repeat if necessary, working from outside to centre of large spots.

Blot small spots or extract large areas with water. Brush carpet or fabric to align fibres.

- Grease, gum and oil for carpet, fabrics and most surfaces.
- Citrus solvent and detergent based liquid gel.
- Formulated to work on the fibre surface avoiding damage to the bitumen and latex backings.
- Ready-to-use
- White gel with citrus fragrance.

pH: 5.0

Harmful to aquatic life with long lasting effects.

Repeated exposure may cause skin dryness or cracking.

Contains limonene (d-limonene), citral, dipentene. May produce an allergic reaction.

Keep out of reach of children. Avoid release to the environment. Wear protective gloves.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.

Continue rinsing. Get medical advice / attention.

Dispose of contents / container to appropriate waste site or reclaimer in accordance with local / regional / national / international regulations.

Please consult the Safety Data Sheet before using this product.

This product is intended for professional use only. The information given is intended to be of assistance to users but is without guarantee. Variations can occur in application and users are advised to conduct their own tests. Suggestions for use neither give nor imply any guarantee as to the intended use.
