

our info sheet for...

Low Foam Cleaner

Our Low Foam Cleaner is ideal for all types of floor cleaning machines. It remove grease and oil from tiled, concrete and painted floors without creating large amounts of foam. Used neat will remove heavy forklift truck tyre marks, which are difficult to clean with conventional products. Also suitable as a general purpose low foam degreaser.

Benefits

- ✓ **Free from:** Sodium Hydroxide, Formaldehyde, Low VOCs, APES
- ✓ High dilution - economical to use
- ✓ Safe on all hard surfaces
- ✓ Controlled foam system
- ✓ Softens water
- ✓ Solvent free
- ✓ None Tainting
- ✓ Non Caustic
- ✓ Virtually odourless
- ✓ Reduced use of hazardous substances
- ✓ Phosphate and phosphonate free
- ✓ Safe in septic tanks if used as directed
- ✓ Readily biodegradable
- ✓ Not tested on animals

Application and Directions

General machine cleaning: Use at up to 1:250 parts dilution in water via a scrubbing machine. Use at 1:100 for areas of heavier soil.

Manual cleaning: Dilute at 1 part to 100 of water for areas of light soil and mop or swab until clean and dry. Use neat on stubborn areas of tyre marks which will need up to 2 minutes contact time before cleaning.

Note: Test in a inconspicuous area first before using.

Proper dosage saves cost and minimises environmental impact: Delphis Eco encourage proper dosage and users to reduce waste going to land fill by recycling empty bottles.

Safe Handling and Storage

Full guidance on the handling and safe storage of the product can be obtained from the safety data sheet including first aid measures and health and safety requirements.

Technical Data

Figures are typical values and should not be used as specifications

Appearance:	Liquid
Colour:	Yellow - green
Odour:	Barely perceptible odour
Evaporation rate:	Slow
Solubility in water:	Soluble
Viscosity:	Non-viscous
Boiling point/range:	100°C
Relative density:	1.075
pH:	12.50

Areas of Usage

- Hard floors - internal and external
