

V-Clean Rapid

Virucidal/Bactericidal Concentrated Disinfectant

A concentrated virucidal and bactericidal disinfectant that is effective against Coronavirus with a contact time of only 60 seconds.

Effective against enveloped and non-enveloped virus, including Norovirus.

USES

V-Clean Rapid is a proven virucidal, bactericidal and yeasticidal disinfectant which is suitable on all surfaces that are washable.

V-Clean Rapid is ideal for all types of industries including Care Homes, Kitchens, Food Industry, Bars, Restaurants, Gyms, Hotels, office cleaning and general cleaning.

DIRECTIONS

If the area is dirty, clean first before disinfection is carried out. Dilute V-Clean Rapid according to the activity required and spray onto surface.

For enveloped viruses, including Coronavirus, spray onto surface and allow 60 seconds contact time, then wipe away with clean cloth or paper towel.

For non-enveloped viruses, including Norovirus, spray onto surface and allow 5 minutes contact time, then wipe away with clean cloth or paper towel.

For use in food contact situations rinse with clean water.

Dilution

Activity Against	Dilution Ratio	Pumps per 600ml trigger	Mls per 5L bucket
Coronavirus <i>(60 sec contact time)</i>	1:9	⌊ x 2	500ml
Norovirus <i>(5 min contact time)</i>	1:9	⌊ x 2	500ml
Bactericidal <i>(5 min contact time)</i>	1:15	⌊ x 2	320ml
